

A Tribute to Cancer Treatment in San Antonio

April 24, 2025

BioBridge Global Donor Pavillion (Building 1)

6211 Interstate 10

San Antonio, Texas 78201

Agenda

Doors open at 11:00

11:30 Luncheon and Keynote

A fireside chat with **Jeff Flowers**, MBA, FACHE, CEO of UT Health San Antonio Multispecialty & Research Hospital, moderated by **Bob Rivard**, Host/publisher of BigCitySmallTown podcast and The Monday Musings Newsletter. They will chat about one of the most transformative healthcare projects in South Texas – a state-of-the-art hospital that's redefining how we deliver complex care across the region.

1:30 Break

2:00 Afternoon Program

Anand Karnad, MD, professor and chief of the Division of Hematology and Oncology at UT Health San Antonio and hematologist-oncologist at Mays Cancer Center, will provide insight into the vision and planning behind the UT Health San Antonio Multispecialty and Research Hospital and share how the hospital's vision was brought to life through the leadership of former UT Health San Antonio President William L. Henrich, MD, MACP.
